CIVILIZATION

AND FASHION! I T is conceded by all writers, that as a people in-crease in wants, they advance in civilization. The savage has but few wants to be supplied. The firsh of the game he kills for food, and the skins for a covering, he s ts down contented with his squaw and papoose to enjoy this simple fare. The opposite extreme are the Parisians and Londoners, whose wants are as numerous as their means to

Paris is considered the quintessence of refine ment, and London plays second fiddle, with all the rest of the world to follow after and ape their As the wants of our District are increasing, it

is an evidence of increasing refinement and pros-perity; and if our friends will continue to patronize s, we will supply their wants to the best of our ability.

We would say to our customers that money is a motive power. We expect to pay for : Il the goods we purchase. We would not wish to dun. Oh not. We merely wish it to be known that the jingle of a Dollar is not particularly offensive about this time of year.

CHERRY PECTORAL For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its triends. Nothing but its intrinsic virtues and the unmistakeable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies, thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be lorgotten While it is fraud on the public to pretend that ny eno medicine will intallibly cure-still there is abund at proof that the CHERRY PECTORAL does not only, as a general thing, but almost invariably cure the maladies for which it is employed.

Chapman, and State, city, and indeed almost every hamlet it contains, CHERRY PROTORAL is known as the best remedy extant for diseases of the Throat and Lungs; and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France, and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced. and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children, it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to child-

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confis dence -a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength, to afford Thysicians a new agent on which they can rely for the best results, and the sillieted with a remedy that will do for them all that modie ue
